B. OVERAL	L EVALUATION	(CIRCLE ONE)				
1 Unacceptable	2 Reservations	3 Acceptable	4 Good	5 Outstanding		
COMMENTS:						

NOTE: The overall ranking could be, but is not necessarily, a computation of the scores contained in Section "A". Lower scores in area(s) deemed more critical by Board members, e.g. "trusted by the Board members", could have a greater impact on the overall score than higher scores assigned to areas which are deemed to less important.

EXPLANATION OF RATING STANDARDS

RATING SCALE

Assign a rating to the Administrator for each of the performance areas listed. Rating should be assigned, using the 5-point scale shown below:

	1 1	2	3	4	5
	Unacceptable	Reservations	Acceptable	Good	Outstanding
RATING STA	NDARDS				

<u>KATING STANDAKDS</u>

- 1. **(Unacceptable) -** Assign this rating when:
 - The Administrator demonstrates a *total lack* of the requisite set of knowledges, skills, or abilities to perform as expected.
- 2. **(Reservations) -** Assign this rating when:
 - The Administrator show *some evidence* of the set of knowledges, skills, or abilities required; but it is clearly below what is minimally acceptable for this position.
- 3. **(Competent) -** Assign this rating when:
 - The Administrator demonstrates *enough* of these knowledges, skills or abilities to allow him/her to acceptably perform the job.
- 4. **(Good)** Assign this rating when:
 - The Administrator demonstrates *many* of knowledges, skills, or abilities required in this position. This rating should typify an above average skill level for the position.
- 5. **(Outstanding) -** Assign this rating when:
 - The Administrator exhibits an *high* amount of knowledges, skills or abilities required and demonstrates exceedingly high performance required for the position.

SUGGESTED EVALUATION PROCESS IN 2014

Week 1	Circulate the form to each Board member to "score" and comment on Administrator's performance. Completed forms (confidential) to be returned to President.
Week 1	Provide Administrator with evaluation form and ask him/her to do a self-evaluation to be returned to the Board President.
Week 2/3	Board to meet in Executive Session to review Administrator's self- evaluation and discuss, and reach consensus on the performance of Administrator. Board then determines any subsequent actions and compensation adjustments, etc.
Week 2/3	In open meeting the President will report that the Board has continued or concluded the Administrator's evaluation without disclosure of anything discussed in the session, and would entertain a motion for any compensation adjustment if appropriate.
Week 3/4	President and second board member to discuss the Board evaluation with the Administrator and subsequent actions and compensation adjustments as appropriate

Note: All documents related to the Administrator's evaluation are confidential and not to be shared with any non-board members.

COAST LIFE SUPPORT DISTRICT

RESOLUTION No. 220

RESOLUTION OF THE GOVERNING BOARD OF COAST LIFE SUPPORT DISTRICT OF THE STATE OF CALIFORNIA, REQUESTING FUND TRANSFER UNDER ARTICLE XVI, SECTION 6 OF THE STATE CONSTITUTION

RESOLVED, by the Governing Board of the Coast Life Support District, a Bi-County District of the State of California, that:

WHEREAS, this District may not have a sufficient cash flow cycle to provide for the operations of the District during the 2013-14 Fiscal Year, and

WHEREAS, Article XVI, Section 6 of the State Constitution authorizes a temporary transfer of funds in the custody of the County Treasurer upon approval of the Board of Supervisors, and

WHEREAS, the revenues to said District for the fiscal year 2013-14 are budgeted at \$\$1,686,852:

NOW, THEREFORE, IT IS DETERMINED AND ORDERED as follows:

- 1. That the Board of Supervisors of the County of Sonoma be and it is hereby requested to authorize a temporary transfer to this District on an as-needed basis of not to exceed \$500,000, during the 2013-14 Fiscal Year; said sum will not exceed 85% of the revenues to said District during said fiscal year.
- 2. That the County Treasurer of the County of Sonoma be requested to recommend and the County Auditor of the County of Sonoma be requested to acknowledge said transfer.
- 3. That certified copies of this resolution be forwarded by the Clerk of this Board to the Board of Supervisors of the County of Sonoma, the County Auditor and County Treasurer of this County.

CLERK'S CERTIFICATE

I, Scott Foster, Clerk of the Governing Board of the Coast Life Support District of the Counties of Sonoma and Mendocino, State of California, do hereby certify that the foregoing is a full, true and correct copy of a resolution duly adopted at a regular meeting of the Governing Board of said District, regularly held at the regular meeting place thereof, on October 21, 2013, of which meeting all the members of said Governing Board had due notice.

I further certify that said resolution has not been amended, modified, nor rescinded since the date of its adoption and the same is now in full force and effect.

ATTEST: This 21st day of October 2013

Clerk of the Governing Board of the Coast Life Support District

RESOLUTION NO. 2xx

Dated: December x, 2013

RESOLUTION OF THE BOARD OF DIRECTORS OF THE COAST LIFE SUPPORT DISTRICT CALLING AN ELECTION ON AN ORDINANCE IMPOSING A SPECIAL TAX FOR EXPANSION OF THE AVAILABILITY OF URGENT MEDICAL CARE SUBJECT TO APPROVAL BY TWO-THIRDS OF THE VOTERS IN THE DISTRICT, RAISING THE DISTRICT'S SPENDING LIMIT TO ALLOW USE OF PROCEEDS OF THE TAX, AND REPEALING THE EXISTING SPECIAL TAX, AND ORDERING THE ELECTION CONSOLIDATED WITH THE STATE, COUNTY, OR LOCAL GENERAL ELECTION OF APRIL XX, 2014

WHEREAS, the mission of Coast Life Support District is to provide and assure high quality healthcare facilities, services, and emergency care, as well as citizen health and well-being, to all residents and visitors within the community that supports it; and

WHEREAS, the Redwood Coast Medical Services had for more than 20 years provided 24 hours, 7 days per week urgent medical care services, and

WHEREAS, the Redwood Coast Medical Services leadership presented compelling evidence that the increase in the costs of assuring quality urgent medical care services had exceeded the combined tax and billing revenue available for providing these services; and

WHEREAS, due to their inability to continue to fund those services through community donations, the Redwood Coast Medical Services stopped providing direct after hours urgent care services in 2008, and

WHEREAS, the District is now in danger of eliminating the remaining urgent medical care services which have been limited to weekdays only; and

WHEREAS, the District's Board of Directors believes it is beneficial and necessary to maintaining the health and safety of this community, and that there is sufficient ongoing demand in the area for urgent medical care services on a (insert #) hours, (insert #) days per week basis; and

WHEREAS, the District's Board of Directors wishes to propose an ordinance authorizing a special tax to be voted upon by the voters of the District for the expansion of urgent medical care availability to seven days per week to replace the existing special tax, and to raise the District's spending limit to allow use of the proceeds of the tax; and

WHEREAS, state law requires that proposed special taxes be submitted to the voters for their approval, and authorizes Districts to call elections for this purpose and direct consolidation of such election with a statewide general election; and

WHEREAS, state law further requires that the proposed tax be approved by two-thirds of the District's Board members following a noticed, public hearing:

NOW, THEREFORE, BE IT RESOLVED:

- (1) The Board finds and declares that the District has complied with all laws requiring notice of this action, and has held a public hearing as required by law.
- (2) An ordinance authorizing a special tax shall be presented to the voters of the District, which ordinance shall be worded as follows:

SECTION I. PURPOSE AND INTENT

It is the purpose of this Ordinance to authorize the levy of a special tax on parcels of real property that are within the Coast Life Support District, established by Chapter 375, Statutes of 1986, in order to augment funding for expanding the availability for provision of urgent medical services.

This is a special tax within the meaning of Section 4 of Article XIII A of the California Constitution, and is being enacted pursuant to the authority and procedures of Chapter 375, Statutes of 1986 and Government Code Section 50077. This tax is based on the use or the right of use of each Assessor's parcel; and is based, to the extent practical, upon the costs of providing urgent medical care services associated with each parcel, its use and the improvements thereon. Since this tax is not an ad valorem tax, the exemptions contained in or authorized by Article XIII of the California Constitution shall not apply.

The taxes imposed by this Ordinance may be collected by the Counties on behalf of the District in the same manner and subject to the same penalty as other charges and taxes fixed and collected by the Counties.

The revenues raised by this tax are to be used solely for the purposes of obtaining, furnishing, operating and maintaining urgent medical care services, and for other necessary operating expenses of the District, consistent with Section 40 of Chapter 375, Statutes of 1986. (Coast Life Support District Act.)

SECTION II. SPECIAL TAX

The District's Board of Directors is authorized to levy a special tax within the boundaries of the Coast Life Support District each year, for the purposes stated in Section I, on each parcel of land shown on the respective County

Assessor's parcel maps and carried on the County secured property tax rolls; provided, however, that such a special tax shall not be imposed upon a federal or state governmental agency or another local agency. This special tax shall be imposed in accordance with the following schedule.

The following are the special tax rates for the Coast Life Support District:

Actual Land Use	<u>Units of Benefit</u>
Hadevelenelle eniodische an entre en verstellend	0
Undevelopable agricultural, timber, pasture, or waste land	o
Vacant Buildable Lot	1
Developed Lot	2

SECTION III. SPECIAL TAX LIMIT

The special tax authorized by this Ordinance shall not exceed \$XX per unit of benefit per year.

SECTION IV. REPORT AND HEARING

Each year prior to the imposition of said tax the District's Board of Directors shall cause a report to be prepared showing each parcel, the owner(s) thereof, and the proposed levy thereon. Upon the receipt of such report, the Board of Directors shall set a date for a hearing thereof and shall cause notice of such hearing to be posted at three (3) public places within the District, or, in lieu of posting, by mailing notice of hearing to each property owner at the address disclosed on the latest tax roll. At said hearing, the Board of Directors shall make such corrections to the taxes proposed to be levied as may be required to conform to the schedule as set forth above.

SECTION V. COLLECTION

The tax shall be collected in the same manner and subject to the same penalty as other property taxes collected by the Counties.

SECTION VI. <u>APPROPRIATIONS LIMIT</u>

The appropriations limit for the District shall be increased by the amount of the additional tax money raised by imposition of this tax, for the maximum period permitted by law (four years).

SECTION VII. REPEAL OF EXISTING SPECIAL TAX

Upon the approval of this ordinance by two-thirds of the voters voting on this question, the existing special tax, limited to \$18.00 per unit of benefit per year,

shall be repealed. The appropriation limit for the District shall be increased by the amount of the additional tax money raised by imposition of this tax, for the maximum period permitted by law.

SECTION VIII. SEVERABILITY CLAUSE

If any section, subsection, sentence, phrase or clause of this Ordinance s for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this Ordinance. The Directors of the District hereby declare that they would have adopted the Ordinance and each section thereof despite the fact that any one or more sections, subsections, phrases or clauses be declared invalid.

SECTION IX. EFFECTIVE DATE

This Ordinance shall take effect immediately upon its confirmation by two-thirds of the voters in the District voting in an election to be held on April XX, 2014.

- 3) The Board hereby calls a special election for Tuesday, April XX, 2014, and directs that the foregoing proposition shall be submitted to a vote of the qualified electors of the District at that election, in the following manner:
- (a) There shall be included on the ballot to be marked by all qualified electors of the District, in addition to any other matters required by law, ballot language in substantially the following form:

Shall the Coast Life Support District adopt an ordinance (1) authorizing imposition of a special tax not to exceed \$XX per unit of benefit for expansion of urgent medical care services availability to seven days per week, which charges shall be established by the Board of Directors of the District; (2) raising the appropriations limit of the District to permit spending of the revenue raised by the tax; and (3) repealing the existing tax of \$18.00 per unit of benefit?"

Yes	S	
No		

- (b) The ballot to be used at said election shall be both as to form and matter contained therein such as may be required by law.
- (c) The County Clerks of Mendocino and Sonoma Counties are hereby authorized, instructed, and directed to provide and furnish any and all official ballots, notices, printed matter, and all supplies, equipment and paraphernalia that may be necessary to properly and lawfully conduct an election.

- (d) The County Clerks of Mendocino and Sonoma Counties are hereby further directed to take the necessary and appropriate actions to provide the necessary election officers, polling places, and voting precincts.
- (e) The polls of said election shall be open during the hours required by law, and said election with respect to the foregoing ballot measure shall be held and conducted as provided by law for the holding of district elections.
- (f) Notice of time and place of holding said election, together with any other notices required by law, shall be given by the County Clerk.
- (g) Arguments for and against the measure, and other analyses provided for by law, may be submitted in accordance with law.
- (h) Said election is hereby ordered consolidated with the April XX, 2014, General Election.
- (4) The Clerk of the Board is directed to forward a certified copy of this resolution to the Mendocino County Board of Supervisors, the Mendocino County Clerk, and the Mendocino County Registrar of Voters; as well as the Sonoma County Board of Supervisors, the Sonoma County Clerk, and the Sonoma County Registrar of Voters.

BALLOT MEASURE STRATEGY

The thrust of the campaign could be to suggest voters consider this as similar to insurance such as Reach, Cal Star, health insurance, auto insurance, etc. – pay an annual rate to avoid significantly higher one-time/multiple time costs, and in our case, the major inconvenience of waiting and travel time. Other important points:

- Currently we can receive medical assistance at RCMS during the 30% of the time the clinic is open each week which is Monday through Friday from 8 am to 6 pm. Passage of the ballot would increase the RCMS schedule to 10 or 12 hours per day, and most importantly would assure availability of urgent care on Saturdays and Sundays. This would increase direct health care coverage to 50% of the time if the 7x12 plan is selected by the Board, 42% if the 7x10 plan is selected. Both are significant increases in health care hours.
- The additional annual cost (approximately \$80 to \$100) to fund this program is tax deductible because it is paid through property tax.
- The annual cost of Ballot Measure ___is far cheaper than the average cost (\$____*) of a visit to the emergency room at Memorial Hospital in Santa Rosa or the Mendocino Coast District Hospital in Fort Bragg.
- Typical driving time to an emergency room is 4 hours round trip and the average waiting time is ____hours. For most people in our district the round trip driving would be less than 1 hour with typically little or no waiting time. Also, there would be considerably less discomfort for the patient by avoiding a long drive and waiting time.

Coast Life Support Quality Review Program

Reviewed and approved:

Bev Dodds, Chair, QA Committee/Date

Tuck Bierbaum, MD, CLSD EMS Medical Director/Date

Introduction

The Quality Review Program of the CLSD is a synthesis of several techniques generally based on Medical Director Oversight and peer-review practices, intended to examine our patient care and ensure that we adhere as closely as possible to accepted EMS industry practices.

The Quality Assurance/Quality Improvement Committee's approach to quality control involves two branches, one driven internally by our senior ALS staff, the EMS Medical Director, and the Quality Assurance Committee, and one driven externally by Coastal Valley EMS Agency reporting requirements. On a quarterly basis, the District Administrator and the Medical Director will meet to review both internal and external processes and results, and prepare a memorandum for the Chair, QA Committee, CLSD Board of Directors certifying compliance with policy.

Internal Review

Paramedic Review. The full-time paramedics review each others' patient charts and 100% of BLS patient charts, and separate out those which should be examined more closely. This review process occurs weekly. The reviewing paramedic should exercise professional judgment in determining which charts should be identified for additional review. While not exhaustive, the following list represents examples where charts require review:

- Deviation from CVEMSA Medical Protocol
- Adverse patient outcome
- Release at Scene (RAS) and Against Medical Advice (AMA)
- Responses for which CLSD receives a complaint from an allied agency or from a member of the public
- Any patient who is seen by CLSD more than once within 24 hours
- Any patient who is seen more than four times within a month
- Patients who present with an unusual medical problem, or in a manner not usual for their subsequently determined medical problem
- Patients who are transferred to a different form of transportation (handoff), e.g. ALS to BLS, ALS to helicopter, etc.
- Particularly well-handled responses
- Any response that a member of CLSD wishes to review

In general, this means that about 15-20 percent of our responses are selected for specific attention by the EMS Medical Director.

Medical Director Review. The EMS Medical Director reviews 100% of all ALS patient charts, with particular attention to those charts selected for review by the Paramedic. BLS charts will be reviewed when of sufficient interest. The EMS Medical Director may add his or her own comments to the chart (as part of the on-line patient chart review process), and/or contact the Paramedic directly with questions or concerns.

After review by the Paramedic and the EMS Medical Director, charts of interest are presented at two separate meetings.

- Basic Life Support Chart Review. This meeting is conducted monthly by the BLS Training Officer, attended by at least one of the Paramedic staff, and includes all members of the BLS ambulance staff and rescuers from allied agencies who are involved in local medical care, such as fire agencies and law enforcement. The general public is NOT admitted. Confidentiality is invoked, and all present are required to sign a document promising not to discuss details of our patients outside of this meeting. This satisfies local, State and Federal regulations balancing confidentiality concerns and the need to express free opinion about medical care. The charts are read and discussed in detail, with items of particular interest brought to light. The focus of this meeting is on BLS level care, with some ALS charts reviewed to expose the BLS crews to a more advanced type of assessment and care.
- Advanced Life Support Chart Review. The second meeting is aimed at the ALS level of care, and is attended by our ALS staff and the Medical Director. Outside agencies are not invited. These meetings are held monthly. Besides discussion of the ALS care of our patients, these meetings also involve operational matters involving the ALS ambulance and proposed changes to the ALS protocols at the CVEMSA level.

Team Health/Medical Advice Line. The Urgent Care Medical Director is responsible for reviewing patient contacts through the Team Health Medical Advice Line. The UC Medical Director reviews each patient care report generated by the TeamHealth medical advice line. These reports are available on-line to the Urgent Care Medical Director at Redwood Coast Medical Services (RCMS) and to the CLSD station at the close of each patient interaction. The UC Medical Director and the CLSD Shift Supervisor review each for deviations from expected standards of care. The RCMS staff attempts to contact each patient on the first business day following the call for follow-up care.

External Review

The external portion of our quality control program is driven by reporting requirements of the Coastal Valleys EMS Agency. Each quarter, CLSD reports data to the EMS agency for their 'Provider EMS CQI (Continuous Quality Improvement) Data Report.' This report is reviewed by the CLSD EMS Medical Director before submission to CVEMS, and includes:

- Total number of patients seen, broken down into those transported and those NOT transported
- Totals of trauma, cardiac and other medical patients
- Total pediatric patients (this category often overlaps the others)
- Total CQI cases (This number reflects instances when CVEMSA protocol was not followed and does not reflect the total number of CLSD charts selected internally for review.)
- Total 12-lead ECGs performed, and STEMI (the most severe form of heart attack) detected
- Data regarding pain control and sedation
- Data regarding several skills that are used infrequently, and which the EMS Agency desires to ensure are being done properly and appropriately.

The EMS agency has several uses for this data. It is used to evaluate 'call load,' or the frequency with which services are used. It is also compared to equivalent EMS agencies around the country to help determine our future regional need.

The use of this report is regional Quality Assurance/Improvement. Upon evaluation of each provider's quarterly report, the EMS agency contacts agencies to discuss areas of concern.

Quality Assurance/Quality Improvement (QA/QI) Committee

The QA/QI Committee of the CLSD Board of Directors has an oversight responsibility to ensure a robust QA/QI program is in place and compliant with internal and external policies and regulations. It also has a responsibility to report to the Board of Directors any patient contact issues that potentially put the District at risk for litigation or adverse public attention. To this end, the District Administrator and the EMS Medical Director have a duty to ensure program compliance, and certify compliance to the CLSD Board of Directors.

District Administrator/Medical Director Review and Report. Each quarter of the fiscal year the District Administrator and the Medical Director will conduct a program review and certify to the QA/QI Committee Chair that the District is in full compliance with internal and external policies and regulations, and bring to the Chair's attention any patient contacts that have a potential for Board interest.

Their review should include, at a minimum:

- Review of total number of patient contacts, by categories of BLS transports, ALS transports, hand-offs, and AMA and RAS patients.
- Examination of the most recent quarterly CVEMS report looking for adverse trends or noteworthy accomplishments.
- Review of summaries presented by the Medical Director and Operations Manager addressing
 - o Patient charts reviewed in the categories specified in the Paramedic Review
 - o Any reportable conditions requiring corrective action.
 - o Outstanding performance of CLSD ALS and BLS staff

QA/QI Committee Chair Report. The QA/QI Chair's quarterly report to the Board should include a statement regarding the DA/MD review and certification of compliance, and seek to avoid any references to specific cases, types of infractions or deviations from protocol. Any legal action anticipated by the QA/QI Committee Chair as a result of patient contact should be reported to the Board in closed session.

MEMORANDUM FOR THE CHAIR, QUALITY ASSURANCE/QUALITY IMPROVEMENT COMMITTEE, COAST LIFE SUPPORT BOARD OF DIRECTORS

From: CLSD EMS Medical Director

Via: CLSD District Administrator

Subj: CERTIFICATION OF QA/QI PROGRAM COMPLIANCE

For the quarter ending September 30, 2013, I have reviewed 100% of ALS patient charts and noted any reportable conditions and conditions requiring corrective action. I have met with all CLSD paramedics and conducted training where necessary to ensure continued quality improvement in patient care. The District remains in full compliance with all QA/QI internal and external policies and regulatory requirements.

For this quarter, there are no adverse actions or potential litigation requiring board attention.

Tuck Bierbaum, MD EMS Medical Director

Coast Life Support District District Administrator's Report October 21st, 2013

- 1. Personnel. We have two new EMTs on our BLS crew: Claire Freson and Hans Peterson. They were #1 and #2 in their EMT class, respectively, and are enthusiastically jumping into their orientation program. Claire is an AmeriCorps volunteer at RCMS, and Hans is a local builder. Both are terrific additions to our team.
- 2. Clinical. We have completed building our internal QA/QI program, with the advice and guidance from our EMS Medical Director, Dr. Tuck Bierbaum. I am confident we are the only organization in the state that reviews 100% of ALS charts twice—once by the duty paramedic shift supervisor and once by the Medical Director. As Dr. Bierbaum points out, this goes beyond super-checking for errors and gives us more opportunities for identifying training requirements for lesser-used skills or unique situations.

Finance

- a. Audit. We will be starting the audit today. I am cautiously optimistic about the process this year.
- b. Medi-Cal Reimbursement. I grind away at the cost reports required to qualify for the state program for increased reimbursement. We will get a lot of money in back-pay; I am hesitant to make an estimate of how much, or when, however.
- c. Financial Position. Although our transport volume is down from last year, we are still in pretty good shape as long as we keep building our reserve.

4. Community

- a. Training. Every CLSD and local fire department EMT trained at our station under the tutelage of Nick Scanlon-Hill. Now Anthony Scott, a former CLSD BLS EMT, has hired on with Mendocino County Office of Education as an instructor for First Responder and EMT certification programs. He will be filling Nick's big shoes in a very important leadership role for our community. We look forward to working with him to ensure a continuing supply of locally-trained EMTs and First Responders for both CLSD and the local fire departments.
- b. Disaster Preparedness. I continue to work closely with Chief Gregg Warner, South Coast FPD, on a joint planning and exercise program for area disasters. Diane Agee of RCMS has jumped in the game, too, and we'll be meeting with County representatives soon to develop a mutual understanding of expectations and capabilities. I have to add that working with Chief Warner is an absolute joy; SCFPD did well in choosing him as their new Chief.
